

FOR IMMEDIATE RELEASE  
June 2012

**M•DURA™ SERVICE SINK FAUCETS AND ACCESSORIES FROM  
MOEN COMMERCIAL PROVIDE DURABLE CLEANING SOLUTIONS**

*North Olmsted, Ohio...* In commercial facilities, it's important to have durable, vandal-resistant products that withstand the wear and tear that accompany daily maintenance. Moen Incorporated's Commercial Division introduces its M•Dura™ heavy-duty line of service sink faucets and accessories to keep service areas organized and operating smoothly.

"Moen Commercial's M•Dura service sink faucets and accessories offer the highest level of resilience, thanks to the solid cast-brass body and heavy-duty spout," said Kristin Meyers, marketing and product manager, Moen Commercial. "These models are backed by a five-year warranty – so our customers know they are getting the best product on the market for the best long-term value, guaranteed."

Two unique service sink faucet models are available featuring lever handles; a third model features wrist blade handles. Each of the three centerset faucets can be adjusted between 7-1/2- to 8-1/2-inches. The spouts reach 9-3/8-inches or 10-1/4-inches, depending on the model, to accommodate service areas of different sizes, and include extra-durable ceramic disc cartridges to prevent against leaks. Each model provide a 3/4-inch hose thread connection, a built-in vacuum breaker that helps prevent water contamination and easily accessible internal service stops that save time and money. Moen Commercial service sink faucets are available in rough Chrome or polished Chrome finishes.

Available accessories include a stainless steel mop hanger, which can accommodate three handles, and stainless steel hose bracket with a 30-inch heavy-duty rubber hose. Both include stainless steel mounting screws for secure installation.

"At Moen, we know that having the right products available for commercial applications makes the job of the facility management team much easier," Meyers said. "By installing our heavy-duty M•Dura service sink faucets and accessories, facilities can save time and money with products that are built to last."

For more information about the new service sink faucets from Moen Commercial, visit [moencommercial.com](http://moencommercial.com) or call 1-800-BUY-MOEN.
